Dedication

To a teacher who entered Plymouth High School with the present graduating class six years ago.

To a teacher who has not only directed our academic activities but has also given us friendship and understanding.

To a teacher of whom the students say, "She's swell."

To Miss Rosamund Huff we dedicate this Quit Qui Oc.

Foreword

Cameras, drawing pencils and typewriters were the mediums used in recording the school year's activities on the pages of this book. Snoopy Snappers were busy for months, constantly underfoot in exciting and sometimes embarrassing situations, snapping pictures of unwary students and teachers.

Reporters ransacked club records, office records, newspaper files and interviewed the faculty for information which was fused into the story to be built around the pictures. School artists supplemented this pictorial history with block print illustrations and cartoons.

To finance the Quit Qui Oc, business managers gleaned the town for advertisements, collected class and club contributions and solicited subscriptions among the students and alumni.

The staff herewith presents the 1939 Quit Qui Oc, a story of the students, by the students and for the students of Plymouth High School.

Student Senate

The governing body of Plymouth High School, the student senate, is composed of students from each home room who were elected at the beginning of each semester and of Mr. Senty and Mr. Williams, the advisers. Meetings are held each Monday during the auditorium period.

The work of the students senate consists of putting on auditorium programs, arranging the activity ticket, sponsoring all-school parties, nominating the school president, sending delegates to the Wisconsin High School Student Senate Association, publishing the Orange Guide Book and any other business which concerns the students.

Some of the better known entertainers that the senate booked were: L. Verne Slout, who presented the Theatre Workshop, Elliot James demonstrating liquid air and the Bohemian Glass blowers.

Standing Left to Right — E. Rickmeier, D. Wolff, W. Stolper, V. Kastelic, S. Ladewig, Mr. Williams, J. Kohl.
Left Back Table — H. Steinke, J. Larson, R. Kind, D. Huibregtse, H. Hoffman, V. Louret, L. Olschesky.
Right Back Table — F. Timm, J. Goelzer, K. Schierstedt, E. Passini, A. Yellen, S. Meyer, K. Roehr.
Left Front Table — R. Schmidt, R. Lahl, N. Sinnen, J. Burkhart, M. Schwaller, R. Nehrling.
Right Front Table — M. LeMahieu, J. Lammers, V. Hillger, M. Myers, G. Minch, R. Krueger, R. Miller.

After the senators investigated the activity ticket situation, they decided to give the students a choice of three plans.

The first included all sports, forensics, auditorium programs, Hi-Lights, the all-school parties, and the Quit-Qui-Oc. The second included all sports and the third all auditorium programs. The purpose of the activity ticket was to provide a saving to the students and get a larger attendance at school activities.

In early October the senate sponsored an all-school party to enable the freshman to get acquainted. December 21, there was a Christmas party at which Santa Claus presented the guests with gifts. The High School Jazz Band played for the parties.

At the close of the school year a senate committee published the Orange Guide Book. As its name implies, the book is a guide for all students which contains lists of teachers, rooms, subjects, credits, and regulations pertaining to school.

Each year the schools of Wisconsin send delegates to the Wisconsin High School Student Senate Association. Last fall the Plymouth Senate sent Harold Steinke, Jack Larson, Warren Stolper, James Burkart, Shirley Ladewig, all student senators, and Miss Wernecke, the adviser, to Madison on November 10 and 11. Harold Steinke, state President of the 1938 meeting presided. James Burkart was elected for next year's president. This is an honor for each of these boys and for Plymouth High School as well. Those attending listened to talks by student and adult speakers on school problems and reported them to the student body when they returned.

Junior High Council

Officers of the council for the semesters were:

First Semester		Second Semester	
President	Bobby Bohnhoff	President	Bobby Bohnhoff
Vice-President	Harris Wifler	Vice-President	Donald Huibregtse
Secretary	Helene Hoffman	Secretary	Micky Meyers
Treasurer	Joyce Radue	Treasurer	Jay Present

Each of the Junior High School home rooms is represented in the regular Student Senate. These senators and their alternates make up the Junior High Council. A president is elected each semester by popular vote and presides at all meetings and acts as master of ceremonies at all Junior High programs.

The duty of the Council is to discuss and manage all problems directly concerning the Junior High School. The adviser, Miss Huff, attended each meeting.

Efficiency experts Mildred Schlenter and Mrs. Arno Franzen keep the office wheels running smoothly.

Senior One Act Play Night

On May 25 the Seniors presented:

INN OF RETURN by *Don Jones*. "They who visit once, never fail to return." The plot centered around the problem of maintaining the legend when one man, having visited the inn but once, died.

THE MOUSE-TRAP, by *Wm. Howell*, a famous old farce depicted Willie Campbell, an anti-suffragist, who found himself caught in his own mouse-trap as lovely ladies swooned in horror.

In the hilarious comedy AT THE SIGN OF THE SQUEAKY WHEEL by *Chas. Brooks*, lovable old Snuggins directed events in the lives of several people who found refuge from a storm in an old house which had at one time been an inn.

HOMECOMING

The peak of the Autumn social whirl came with the homecoming festivities. The occasion called for a three day celebration. On Friday, October 26, the game, Saturday evening the "great hop" and Sunday—?? —recuperation.

The "hop" was in charge of the pep club which was guided by Miss Braaten.

The gym was appropriately decorated with football posters. The score was posted in very conspicuous places around the gym and the victory of Plymouth made the "Chilton-comers" rather envious. Their faces (green with envy) added color and excitement to the occasion.

Victor Kastelic and Meta Buuck presided over the festivities as homecoming king and queen. Victor was selected by the student body from a group of eight boys representing each class. Mr. Kastelic left "Victor the athlete" at home and became "Victor the social climber" for the evening. Merlin Schwaller and Shirley Ladwig served as the attendants of the king and queen. At eleven o'clock, to a medley of college songs played by Earl Etta's orchestra who furnished the music for the entire evening, the grand march took place.

PROM

The successful prom of 1938 required many hours of preparation on the part of Juniors who served on the refreshment, decorating, program, publicity, finance, and ticket committees.

Probably the greatest effort put forth was that of the decorating committee headed by Kenneth Wieck. The gym was transformed into a summer garden of roses. Panels representing vases of roses covered the windows. The stand from which Wally Beau's orchestra purred and blared was a terrace. The bounding boards were a bed of cedar with 1939 imprinted in roses. Many large and colorful spotlights shining on the crystal ball gave the effect of a starlight night.

The programs carried out the old rose and green color scheme, each dance bearing the name of a flower, the Blue Bell Swing, the Phlox Trot, the Daisy Doodle and the Virginia Creeper.

At eleven o'clock the grand promenade was led by Harold Steinke and Virginia Meyer. The promenade was restricted to high school students and the spectators were well pleased with the smoothness with which it went off.

Honor Society

It is no small event in the life of a student to be picked from among his fellows and conducted to the platform to be publicly initiated into the National Honor Society. It was this honor that was bestowed upon Leonard Andre, Wilburt Behrens, Florence Dees, Carolyn Krueger, Patricia McCaffrey, Warren Stolper, Warren Iverson, Shirley Ladwig, Walter Lautenbach, Kathryn Schierstedt and Gloria Vick.

The initiation took place March 21 in the auditorium of the high school. The active members—Lorraine Burke, Harold Steinke, Jack Larson, Jesse Saemann, Bernice Heincke and Wilma Foth explained the merits on which students were elected into the society. These merits include Character, Scholarship, Leadership, and Service. The initiates repeated the pledge and were each given a candle which was lighted from a central candle. These students then became members of the society but they still had before them the private initiation, which was a bit more informal.

This year the society carried on numerous activities, among them the corridor monitor system. Students supervise the corridors to maintain an orderly and businesslike appearance in the halls.

A banquet was held for former members December 28, 1938, at the Laack Hotel. Speakers were Miss Wernecke, the adviser, and Mr. Owens.

February 6, 1938, Miss Wernecke took the members to the Pabst Theater, Milwaukee, to attend a Chicago Symphony orchestra concert.

Life on The Road

Roaring and rolling the mile long freight
Spells adventure for some
But for me it spells hate.

It isn't all romance when you're on the bum
Eating dry bread
And that everlasting slum.

In all my days on the road I have met
Never a bum who was happy
Not yet.

I never long for that mile long freight
Bums aren't like people
Who have dinner at eight.

Gone are my days on the road, gone forever
I wouldn't go back for the world
No. Never.

Roaring and rolling the mile long freight
Spells adventure for some
But for me it spells hate.

William Hoffman, Class of '39.

Picture of a Farmer

A squared silhouette
Strong and graceful in denim
Against a blood-stained sky
Gazing at shocks of rye
With satisfaction—
Slowly walking home
Dusty and tired
Breathing a sigh.

Song

If I loved someone
As I love a song
My heart would ache so
I couldn't bear it long.
Whether it is the melody
That makes me find it so
Or merely moody reverie
I do not know.

Flood Refugee

I stood terrified
Rooted, as one in a dream
While the waters rose convulsively
Seething with spasmed efforts
Like a mad dog chained
Lunging forth viciously
Cold and wet—

Sun

The clouded sun is a single orange
In an antique milk glass bowl.

Niagara

To me Niagara is
An old man groaning,
A wounded lad moaning,
Spoiled children grumbling,
Giants mumbling,
Thunder roaring, rumbling
A bride's veil swirling,
Gently catching, slowly twirling.
A ghost stumbling in a white sheet
That angrily catches beneath its feet.

Little Witch

Little witch with flashing brown eyes
Freckled by the sun,
Close at hand your lover lies.
Run, little witch, run, run.
Close behind, he's nearer, nearer.
Like a swallow flee.
'Tis too late, little witch, surrender.
He is armed you see.

Sky at Night

A jeweler's window in the sky
Sapphires dancing on black velvet
Way up high.

Moon

The moon sleeping on clouds
Is a slice of peach bedded on white grapes
In a jet-black dish.

Junior Promenade

Melodic arrangements and syncopations for 1939 Junior Promenade were provided by Larry Travis' orchestra from Madison. They surpassed all expectations and added to the enchanting effect of the evening.

The original decorations were another feather in the caps of the Junior Class whose efforts made this unforgetable occasion possible. The theme "Flirtation Walk" was carried out in the class colors blue and silver. Clever lighting arrangements put the finishing touches to the dreamy, soothing atmosphere.

The grand march was led by Prom King, Jack Lammers and his lovely Queen, Jean Corbett. Jack is a popular Junior voted in by a large majority of the class. Everyone felt that it was a wise choice and the members of the committees cooperated with him to the fullest extent. Everyone was happy when he announced that he had chosen Jean Corbett, Junior class secretary and member of the Chorus and Glee Club to share honors by being queen. Chairmen Margaret Luecker, Orchestra; Harry Chaplin, Decorations; Merlin Schwaller, Refreshments; James Burkart, Advertising and Faculty advisers Doris Braaten and James Stahl receive the congratulations of their class and school for their tireless efforts in making the prom a success.

"Forward, Onward, Upward" the sophomore class waves its forget-me-not colors of blue and gold.

On December 10, the class entertained the freshmen at a get-acquainted party in the gym. Larry O'Grady's orchestra furnished the music for dancing and the sophomores put on a floor show during intermission.

Drama enthusiasts of the class presented auditorium plays "Little Prison" and "Babbit's Boy" under Miss Gruenberger's direction.

The boys of the class won the all-school intramural basket ball tournament. Several sophomores were members of the girls champion basket ball team of which Jean Larson was captain.

Pen Pal Club

Nineteen people belong to the Pen Pal Club which met on the third and fourth Fridays of the month. Each student has a pen pal from some foreign country and much time was spent in writing letters and discussing those which were received. Some members enjoyed trading stamps.

In the Arts and Crafts Club was under the guidance of Miss Grebler, interesting work with clay and leather was carried on. This club appealed to the artistic urge of its members. The members decided to elect only one officer, Harriet Cary, as their president.

Dance Club

Almost everyone in the Junior High was a member of the Dance Club conducted by Miss Braaten. Members were taught the rhythm of certain pieces and then were taught several of the basis steps. The "Kokie Kokie" was very much fun and everyone enjoyed learning a dance of this type.

At the meeting held June 25, 1938 the following officers were elected: Mrs. Edward Arsenault, president; Harvey Chaplin, vice-president; Mrs. Arno Franzen, secretary; Mildred Schlenter, assistant secretary; and Edward Zerler, treasurer.

The toastmaster, Allen Wade of Tucson, Arizona, Class of 1913 was introduced by the association president, Winfred Eldridge. The Address of Welcome was given by Mae Luedke, Class of 1913. Allen Limberg responded for the Class of 1938. Several vocal selections were offered by Warren Schmoll. Mrs. Myrtle Bowers Maybee, the only member of the Golden Anniversary Class of 1888 who was present, gave a splendid talk comparing educational advantages of 1888 with those enjoyed by students today. Father John Kane, Class of 1911, who has been a missionary priest in India for the past nine years, told of his work and experiences in India.

A brass quartet composed of Warren Eberhardt, Howard Stoll, Helen Beyer, and Jerome Wegner accompanied by Doris Siebert, entertained the guests. Warren Schmoll directed group singing accompanied by Clorinda Schmoll.

During the afternoon the Class of 1913, the Silver Anniversary Class, held a meeting in the high school building. Eighteen members were present and attended the banquet in a group in the evening.

A new project of the Alumni Association is an award of a $50.00 scholarship to some deserving senior on the basis of faculty recommendation pertaining to scholarship, character, participation in school activities, and entire school records. Announcement of the award will be made at Commencement Exercises.

Commercial

The aim of the commercial department is to provide the business world with office clerks, bookkeepers and stenographers. It gives a technical foundation on which the business school or college can produce a thoroughly trained office worker. It trains all commercial students in the basic elements of the business side of any occupation.

The courses offered are junior business training, typewriting, shorthand, and bookkeeping under the guidance of three instructors, Miss Jentges, Miss Simnicht, and Mr. Williams.

Commercial Club

The Commercial Club has been organized under the able direction of Miss Estelle Jentges to create an interest in the commercial field and to acquaint students with modern machines and devices used in the business world.

Demonstrations were scheduled for bookkeeping machines, comptometers, and different types of adding machines. Each of the twenty-five members was given opportunities to operate the Sunstrand and Burrough adding machines and possibilities of purchasing one were discussed.

The club's officers are: president, Carl Steiner; vice-president, Virginia Baar; secretary, Cleo Ninnemann; and treasurer, Margaret Luecker.

Hobby Club

The Hobby Club, under the supervision of Mr. Williams, and Charles Koch, president, was organized to create a keener interest in the many hobbies in which our students participate.

During the present school year an intensive study was made of old and new coins, and stamps from a large number of countries. The group also conducted a survey to determine the types of hobbies that are of the greatest interest.

A few of the most popular are: Stamps, coins, model airplanes, commercial art, knitting and embroidering, and collecting moths and spiders.

Mathematics . . . .

"Mathematics is at the root of the tree of knowledge." Hardly a field of study is open today to the student who has not had at least an elementary course in algebra. Mathematics cannot provide a person with all the facts he will need in later work, but it can develop his reasoning powers. The purpose of the high school mathematics course is to give the fundamental skills and principles that are needed for more advanced work, and to give training in logical thinking and accurate work.

. . . . and Science

Fundamental changes in world affairs in the past few decades have altered our ideas as to the aims in science education. The enormous strides in discovery and invention in the last fifty years have produced a situation which has made necessary on the part of the average person a much more thorough understanding of the fundamental principles of the basic sciences. One cannot farm, run a modern home, run an automobile intelligently or do many other things which all of us are called upon to do today without some understanding of the scientific principles far beyond those which were necessary thirty years ago. Because of this Plymouth High School students are offered laboratory courses in chemistry, physics, biology, and general science.

Chemistry is taught so that students may be able to recognize all applications of chemical principles accurately and skillfully in problems of daily life.

General science gives an elementary survey of the sciences.

Biology aims to develop a more intelligent attitude toward human life through learning about the facts and principles which apply to all living things.

Physics treats of the general properties of bodies, and gives a thorough understanding of the causes, such as gravitation, heat, light, magnetism, and electricity, which change those properties.

Hi Y

The Hi Y is an honorary society limited to 20 boys. Any boy wishing to join may submit his name to a vote of the organization.

The purpose of the club is to develop christian character among boys, to create good fellowship, and an interest in sports. One of their most enjoyable projects was several trips to the Y. M. C. A. swimming pool in Fond du Lac.

Under the presidency of Robert Brockman the club initiated nine promising members this year. The boys marched into the high school gym unaware of what lay in store for them. They were blindfolded and the officers and sergeant-at-arms Chaplin, Lautenbach, and adviser Owens instructed them in the principles and standards of the Hi Y.

The informal initiation which consisted of "paddling," eating garlic, and red pepper was then administered. The final step was to devour two and a half gallons of ice cream.

Snoopy Snappers

Snoopy Snappers spent leisure moments searching out subjects to meet with the various picture assignments of "water," "rest," "still-life," "action," etc. They learned how to develop films, print pictures, and how to take artistic and commercially worth-while pictures. A well-equipped darkroom was established, where members of the club dabble their fingers in developer and hypo, and discuss filters, low-angles, negatives and prints. An unusually interesting meeting occurred on March 31, when Mr. Howard Gruenberger of Milwaukee discussed the Contax Camera and all its gadgets.

Conservation-Sports Club

Merlin Schwaller, president of the Conservation-Sports Club will tell you that there is more to sports and out of door life than hunting, fishing, and playing games. With Mr. Zimmerman as their adviser, club members studied about plants and animals and the observance of laws pertaining to wild life. Recreation and learning went hand in hand for these boys. At the meetings there were lectures on trapping, hunting dogs, and fishing. This summer the boys plan on assisting the Plymouth Sportsman's Club in seineing pickerel from Little Elkhart Lake.

English

With the introduction of new courses in the English department, students who have completed ninth and tenth grade English may choose from dramatics, creative writing, American and English literature, and public speaking. Students in the dramatic course studied play production, acting drama, and stage make up. The creative writing class devoted time to the reading of novels of world importance and writing of original short stories, plays, and poetry. Public speaking gave training in debate, oratory, and platform reading.

Press Club

"News, news, the paper must have news," the editors Loretta Matzdorf, Wilma Foth and Bernice Heincke demand of the Hi-Light reporters. "Here are the assignments. Now get busy."

The reporters hurry about gathering all the news. But this isn't all. They handle advertising and circulation. Members of the staff are students from all classes who completed three try-out assignments successfully.

The reporters keep "String Books" of their clippings and at intervals awards are given on the basis of published articles.

Under the direction of President Kathryn Schierstedt, Vice-president Florence Dees, secretary-treasurer Phyllis Reincke, the club holds meetings every second and fourth Friday of the month during the club period. Journalistic instruction is then given by Miss Carlyle, adviser.

Library Club

"Where do you keep the books about music?"

"How do I use the card catalog?"

Just two of the many questions the student librarians are confronted with every day.

Twice a month the library club meets with the president Evelyn Kind presiding. After the reports by Secretary Florence Carolla and Treasurer Helen Gerber, and business meeting, the adviser, Miss Carlyle, makes suggestions for improvement of student library work.

A meeting of special interest was held at Christmas time when gifts from under the Christmas tree were presented to the various members. At this time also a basket of food and gifts was packed and given to the Goodfellowship Club.

At a luncheon meeting on March 9, Miss Carlyle presented bornze medals to J. Adams, V. Baar, F. Carolla, F. Dees, L. Matzdorf, M. Patterson, V. Patterson, F. Ribbeck, M. Schmoll, C. Standish, L. Tracy, H. Winkler, D. Zager, and E. Kind—members, who had given meritorious service in the library during the years of 1938.

Pen-Pal Club

Dear Simone:

I have just come from a meeting of the Pen-Pal Club. Carolyn Krueger, our president, read an amusing letter she received from a girl in Wales. Souvenirs of Ireland were shown by Pat McGaffrey, the secretary and treasurer. Our advisor, Miss Scott, read some letters from a girl in Australia.

I have just received your name and address from Dr. S. V. Knudsen. Do you live on the bank of the Seine?

Sincerely,

A Member of the Pen-Pal Club

Drama Club

"The poor darlings were so excited—they are expecting a great gorgeous, romantic creature, a princess out of a fairy tale!" This speech is taken from the three act play *Once There Was a Princess* given November 18. An American girl, Ellen Guthrie, played by Virginia Meyer, went abroad and married an Italian prince. When she appeared at her old home after her husband's death, she was mistaken for a seamstress and a great deal of confusion resulted.

* * * *

Who killed Bjorn Faulkner. Did Karen Andre, Gloria Vick, throw him from the roof of a penthouse? Was she guilty or was she not? A court trial was held on the stage of the auditorium February 21, when the *Night of January 16th* was presented. The juries drawn from the audience. declared her innocent at the matinee and guilty in the evening performance.

* * * *

"Who do you think you are, a super man? What have you ever done to make yourself so darn important?" These are two of the lines from *Babbit's Boy*, the Sophomore class play produced October 9. Betty Jean Meyer played the part of Louise, the girl next door who reformed William, Jerry Dahl, the son of a typical American family who went to college where he got highbrow ideas.

* * * *

"I suggest that your daughter be put immediately to bed and be given plenty of bread and wine."

"Why if you please?"

"Because this combination usually produces speech." These few speeches from *The Doctor in Spite of Himself* given by the Junior class, October 12, illustrates the humorous remedies of the crafty wood cutter, Sganarelle, Robert Olschesky, who discovered one did not have to know a thing about medicine to be a doctor. He performed a marvelous cure on Lucinda, Alice Stiller, who was stricken with a very strange disease which made her unable to speak.

"The queen of Hearts,
She made some tarts,
All on a summer's day.
The knave of Hearts,
He stole the tarts,
And took them clean away."

This reminds us all of *The Knave of Hearts*, given by the Freshmen, November 1. Who could forget lovely Violetta, Joanna Mayer, trying to bake the tarts that she might marry Pompedebile, Fred Stransky, or the helpful knave, Ralph Capelle?

* * * *

"Please good St. Nicholas bring me a doll, a big doll like the one in the window. But if no big ones are left bring me a little one—if only so big. But—please bring me a doll. Amen." This was the prayer given by Cosette, a little orphan girl, Marion Bruegger, who was badly mistreated by the innkeeper and wife in *Jean Valjean and the Christmas Doll*, given December 23. Jean Valjean, Leonard Andre, came to the inn and found that Cosette was the girl he was looking for and brought her the doll.

National Forensic League

Harold Steinke is president of the National Forensic League, an honorary organization for high school speech students who distinguish themselves in debate, oratory, declamation, extemporaneous speaking and reading. This year's speech program was planned to give practice to as large a number of students as possible.

In the school contest held early in March the following people were awarded firsts which entitled them to represent their school in the league contest: oratory, Robert Olschesky; extemporaneous speaking, Harold Steinke; humorous declamation, Gloria Vick; dramatic declamation, Irene Spradau; extemporaneous reading, Virginia Meyer.

At the speech clinic at Marquette University, March 18, Marjorie Senty, Irene Spradau, Bernice Torke and Mary Hill presented dramatic declamations and Gloria Vick, Joyce Hollenberger and Jean Holzchuh presented humorous declamations. Severl students attended the extemporaneous speaking and oratory practice tournament March 25, at Sheboygan.

Virginia Meyer, Harold Steinke and Robert Olschesky received A ratings and first place in the league contest which entitled them to compete in the district contest at West Bend, April 22. Gloria Vick received an A rating and Irene Spradau a B rating in the league contest. This entitled Plymouth High School to 19 points and possession of the league speech trophy.

At the oratorical conference held at St. Johns April 1, Robert Olschesky and James Burkart reached the semi-finals and Warren Stolper received a trophy for placing third in the finals.

Students who made a particularly good showing in the National Forensic League contest at Caroll College, Waukesha, April 7 and 8 were Gloria Vick and Robert Olschesky who reached the finals, Warren Stolper and Jack Larson who reached the semi-finals.

Harold Steinke's extemporaneous speaking won him an A rating in the district contest at West Bend, April 22 and in the state contest at Madison, May 8.

Junior High Speech Activities

The Junior High again participated in the fifth annual Eastern Wisconsin Junior High Speech Festival. The festival was held at Chilton, May 4. The local elimination contest was held April 27 and 28. Representatives were entered in oratory, extemporaneous reading, extemporanious speaking, and story telling.

John Kohl won the local contest in extemporaneous speaking, Joyce Radue in story telling, Doris Anderson in extemporaneous reading, and George Robinson in oratory. At Chilton, John Kohl appeared on the evening program.

Debate

The question debated by the 1938-39 teams was "Resolved that the United States should establish an alliance with Great Britain."

A practice tournament was held at Plymouth, November 19, in which two hundred students from seventeen schools participated. Sixteen students from Plymouth attended the Marquette practice debate Clinic at Milwaukee, December 10. This was in line with the new policy of giving practice to a large group. An even larger group took part in the practice tournament at Sheboygan in January.

At the National Forensic League debate tournament at Marquette, March 10 and 11, the first affirmative team was represented by Harold Steinke and Warren Stolper; the first negative team by Jack Larson and James Burkart. The second affirmative team included Leonard Andre and Edward Treadwell; the second negative, Robert Olschesky and Jack Lammers.

"It worked fine," Coach Stahl commented on the Eastern Wisconsin Conference track meet held in the evening of May 5. Evening track meets are an innovation in this part of the state, and the Plymouth promoters of the plan were pleased with its success.

Walter Lautenbach's firsts in the 120 high hurdles, pole vaulting (10′5½″), third in 140-yd. hurdles, and second in relay made him Plymouth's high-point man with 14. SENATE, CLUBS, AND FACULTY UNITE IN MAKING CARNIVAL A SUCCESS

Merrymakers ate, danced, played keno, attended movies, had their fortunes told, and sent telegrams for a penny each at the all-school carnival held on May 19, at the high school. Under the general chairmanship of Victor Kastelic, school president, Harold Steinke and Vernon Hilger of the student senate, and Miss Huff, Miss Foeller, and Miss Gruenberger of the faculty, the student body co-operated in putting on a carnival that entertained guests of all ages and that boosted the general activity fund as well as individual club treasuries with the proceeds.

The peak of the evening's gayety came with the coronation of the carnival queen and the presentation of gifts to her and to her attendants. The queen was chosen from candidates nominated by the various home rooms and elected by popular vote of those who bought tickets for the various concessions. Donald Wolff, Merlin Schwaller, and Roger Schmidt had charge of arrangements for election of the carnival queen.

Another committee that deserves credit for capturing the imagination of prospective carnival fans is the advertising committee made up of Kathryn Schierstedt, Shirley Wetzel, and Jack Goelzer.

Agriculture

Part Time School

This year again the Part-Time School was conducted for boys out of school. These boys have an opportunity to come to the Plymouth High School one day a week, during the winter months to take courses in agriculture, animal husbandry, farm crops, farm management, general farm arithmetic, and farm mechanics.

Interest in this part time school was high, as there were 95 boys enrolled for the course and the average weekly attendance was approximately 74. The boys came from all over Sheboygan County to take advantage to these classes directed by Mr. Norman F. Kahl.

Junior Farmer's Club

The Junior Farmer's Club is made up of farm boys out of high school who come into Plymouth one day per week to take work in agriculture.

The club was organized to give farm boys practical agricultural knowledge. Meetings of the club are held monthly. Part of the program is devoted to an outside speaker who discusses some particular subject which is of common interest to all the boys. Each boy in the club is urged to carry on some form of supervised practice on his home farm. Fifty boys tested their herds, totaling about 800 cows tested per month.

On March 21 and 22, 1939 club members attended the State Dairymen's Convention held at Kohler and Sheboygan.

The officers of this club are:

President.....Wilbut Bohnoff, Plymouth
Vice-President....Robert Kohlhagen, Sheboygan Falls
Secretary.....Gordon Schuette, Waldo
Treasurer.....Walter Daane, Waldo

Agriculture

Teams judging livestock, dairy products, and apples again went to the state contest at Madison, September 30, and brought back honors for Plymouth. Jack Lammers, Rollin Peter, and Reywald Hanke, members of the livestock team, received high awards at the state meet. Kenneth Holbrook, Kenneth Reinecke, and Merlin Schultz comprised the dairy products team which took first place at this contest. This honor entitled them to represent the state of Wisconsin in judging dairy products in the national contest held at Kansas City, Missouri, from October 15 to 22, 1938. The apple judging team was composed of Wilburt Behrens, Howard Schmidt, and Clarke Melvin.

Individuals receiving honors during the year were Merlin Schultz who placed first in the judging of dairy products at Madison and third at the national contest in Kansas City, Missouri. Wilburt Behrens and Kenneth Holbrook received Wisconsin Future Farmer Degrees at Madison for outstanding work in agriculture.

Music

The aim of the music department is to develop the musical ability of those who have never taken a very active part in music, to develop the individual personality of the student by encouraging him to join the various musical organizations and, if he has the ability, to take part in the operettas and musical programs that are presented. It also acquaints the student with the various works of music literature that are necessary in order to make his life fuller and richer. Proof of this accomplishment can be found in the finished products that the music directors, Miss Catherine McHugh and Mr. Vito Intravaia have turned out.

Best wishes

Best Music Mothers

Girls Glee Club

The Girls Glee Club, worked very hard in order to sing so superbly at the concert on May 7. Among its renditions were "Lift Thine Eyes" and "Dedication," the two contest numbers.

The sweet singing of this group was highly applauded at the Vesper Musicale on February 5.

Boys Glee Club

This was overheard between two members of the Music Mother's Association at the concert May 7:

"Don't you think that the Boys Glee Club sings remarkably well, considering that it rehearses only one noon a week?"

"Yes, and don't they look nice in their robes."

"I think that helping to purchase them was the best thing that we could have done for the chorus and Glee Clubs. It gives a uniform appearance and ones attention is not distracted from the singing."

Mixed Chorus

"Come, soothing death—Come, blest repose"—the contest number sung by the chorus on May 7, was so beautifully sung that the audience was held spellbound. Their introductory number "Were you there?" was also beautifully sung. The chorus presented these two a cappella numbers at the district contest on May 13 in Sheboygan and they did very well by themselves, too.

On May 7, the chorus appeared for the first time garbed in the new robes of black with gold collars which the Music Mothers helped to buy. The proceeds from the concert and the Minstrel Show given on March 24, contributed towards defraying the cost of the robes.

Double Trio

During the fall of '37 a girls double trio was formed under Miss McHugh's supervision. The members were: Sopranos, Mary Jane Dick and Dorothy Trimberger, second sopranos, Carolyn Krueger and Shirley Robb; altos, Carol Gates and Eileen Scannell. This year two new singers Marjorie Senty, soprano, and Shirley Ladwig, alto, were added to the group to replace two who graduated.

Their popularity with the various organization in the city has been stupendous. They sang for the Kiwanias, County School Masters Association, Brotherhood of the Reformed Church, Mens Club of the Congregational Church and Cheese-Makers Association. Their appearance is made even more striking because of the uniform of white satin blouses topped by black wool jumpers, which the girls wear.

They presented their contest number "Sparkling Sunlight," at Two Rivers on April 29 and were awarded an A rating.

Cinderella

On December 16, 1938, the seventh and eighth grade music classes presented *Cinderella*, an operetta by Edward Johnston and Maude Inch.

The cast of characters was: Yellow Witch, Virginia Lee; Duchess, Helene Hoffman; Belinda, Jane Brickbauer; Malinda, Doris Anderson; Fairy Godmother, Jean Martin; Tom Thumb, Wesley Ladwig; Blue Beard and His Wives, Robert Bohnhoff, Audrey Van der Sande, Lorraine Sass, Lois Freutel, Waldine Blanke; Little Girl with a Curl, Corinne Mayer; Jack Frost, Alfred Radloff; Sally Waters, Marian Sass; Goldilocks, Helen Fett; Giant Fee Fi Fo Fum, Kenneth Kallenberg; Raggedy Ann, Harriet Cary; Jack the Giant Killer, Kenneth Zastrow; Three Bears, Warren Pfrang, Arnold Pick, Lewis Wendlandt; Father Time, Orville Vorpagal; Moonglow, Betty Feurer; King, Calvin Brockman; Queen, Mary Corneia; Cinderella, Shirley Sims; Prince, William Schroeder.

Miss Foeller designed the costumes and supervised their making. Mr. Draeger and Miss Grebler assisted in designing the set. The speaking parts were coached by Miss Scott and Miss Simnicht. The production was under the general direction of Miss Catherine McHugh.

Band

Snappy marching formations under the direction of Vito Intravaia livened autumn football games. Stirring marches at basketball games and pep meetings aroused enthusiasm for those occasions. Throughout the year band delighted its audiences with its many fine performances.

The band participated in two vesper musicales held on Nov. 20, and Feb. 5, and on April 30 presented a concert. The Band competed at the District Contest held at Sheboygan on May 13, while members of the Band represented Plymouth in the solo and ensemble contest on April 29, at Two Rivers.

Programs this year featured the following student directors: Richard Vesey, Phoebe Isserstedt, Donald Reightley, Bernice Torke, Donald Wendlandt, Herbert Rhode, James Bruhy, and Walter Lautenbach.

One can easily distinguish the officers of the band by the chevrons worn on the sleeves of their uniforms. The members appointed by the director to their respective offices are: Chief Musicians, Donald Wendlandt and Donald Reightley; Chief Trumpeter, Phoebe Isserstedt; Principal Musician, Robert Brockman; First Sergeant, Richard Vesey; Sergeant, Herbert Rohde; Drum Major, William Wendlandt; Corporals, Warren Iverson, Emily Bub, Lois Byrum, Wilma Tingley, Polly Gilman, Walter Lautenbach, Russel Koch, Ray Meininger, Bernice Torke, Gilbert Gilman, and Donald Steinhardt.

The Junior Band offers an opportunity for the beginning musician to get some excellent training before he is advanced to the senior band. This organization will be considerably increased next year because of the large number studying music at the grade school.

Orchestra

Throughout the year the twenty orchestra members studied classical music under the supervision of Mr. Intravaia. Some of the works studied were: Tschaikowsky's Sleeping Beauty Waltz, March of Little Leaden Soldiers, by Pierne, Overture Mignonette, by Baumann, and Friml's Indian Love Call.

On some occasions it was necessary for members of the band to play with the orchestra in order to get a better instrumentation.

Dance Orchestra

"Howdy everybody! How yo' all? Are yo' all ready for a nice jolly time a dancin'? O. K. let's go! Strike it up boys!"

This is the manner in which Jim Bruhy and his orchestra greet you when the music starts for one of the high school dances. Under the supervision of Mr. Intravaia, a dance orchestra composed of students was formed early this year.

They wowed the audience with their playing in the Minstrel show, and the crowds at the dances liked to swing and sway to their music. The music is smooth and lilting and makes the dancers feel as if they would like to dance on forever.

The Rhapsody in Black of 1939

The old 'medicine show' with its darkey endmen, interlocutor and numerous specialty numbers, returned to entertain both young and old on March 24, when "The Rhapsody In Black of 1939" was presented by the music department.

The scene of the first act was the "Plymouth Union Station" where members of the Band and Chorus were waiting for the "Contest Special," which was to take them to a music contest in Greenbush. The darkey endmen, "Liverlip" Lorge, "Snowball" Lumme, "Chilblain" Andre, "Torpedo" Skavlem, "Rabbitfoot" Fox and "Mushmouth" Burkhart—kept the audience howling at their droll remarks and jazz singing. "Rabbitfoot" Fox's rendition of I'm a Ding Dong Daddy from Dumas was a singular success.

In the second act "That Old Barber Shop Quartet," comprized of Roger Eichenberger, Robert Nehrling, Jack Larson, William Wendlandt and Walter Lautenbach entertained the audience.

The third act featured several numbers by the "Swingsters," toe-tapping by Jane Brickbauer, a solo by Irene Spradau. A group of songs by the Melodious Millerettes, Mary Jane Dick, Carolyn Krueger, Marjorie Senty, Eileen Scannel, Shirley Robb, and Shirley Ladwig, and "Tell Me Pretty Maiden," from the "Floradora" sextet.

German

"Guten Tag!" was the greeting of the advanced German class to the Quit Qui Oc reporter. Then everyone concentrated upon taking notes on Miss Wernecke's lecture on the 15th century artist, student, and traveller, Albrecht Durer. These lectures are one step in the survey of German history, culture and art which has engaged the attention of the second year class. The students had an opportunity to practice speaking German in informal discussion when the short lecture was finished. Such topics as the recent trend of European affairs are a never failing source of interest during this period. After a few minutes of free reading—students must complete at least one book during the six weeks—the class was concluded by singing "Sah' ein Knab ein Roslein stehn."

German Club

Helen Radloff presided at the monthly meetings of the German Club. This club enables the students to acquire fluency in speaking German and to develop cultural interests in German literature and music.

At Christmas time the members provided musical entertainment for the all school party after singing carols for the "shut ins" about town.

Dear Enola:
I haven't seen much of you this year but I hope to do so next year.
Delores L.

Latin

"Flower o' the clove
All the Latin I construe is "amo," I love!"
Fra Lippo Lippi—Browning

As one student facetiously remarked, "Instead of being an "Ending language, Latin has no end; the more you learn the less you know." After having leaped the hurdles of vocabulary, noun and verb forms, English cognates—Latin explorator and repello are excellent examples—the class is prepared for Caesar's "Gallia est omnis divisa in partes tres . . ." The students conquer the ablative absolutes—"Veni, vidi, vici." Then hot discussions on the subject of Caesar's greatness when viewed through the perspective of 2000 years of history ensue.

After two years of study the students have a reading knowledge of Latin and an introduction to Roman culture.

Latin Club

Saturnalia parties, Roman banquets, and original comedies in the manner of Plautus are typical programs enjoyed by the Latin Club members at their semi-monthly meetings with president Jean Larson presiding.

Picture in upper right shows the "Three Fates," Jean Larson, Harriet Radloff and Betty Jean Meyer in costumes they wore to the Saturnalia party.

Picture in lower right shows the decorations drawn by William Wendlandt on the blackboard in Miss Wernecke's room.

Industrial Arts

Change is the spice of industrial art work. The more the spice the better the life, so the department this year has been reorganized to permit a new type of teaching. Mr. Draeger and the students went to the bottom of such things as general drawing, metalwork, woodwork, and general electricity and did a little exploring so that when little Willie or Johnnie graduates and wants to go on to school and specialize in any of these fields he will know for which one he is suited.

In the spring a young man's fancy turns to—building bird houses, but there's no harm in being prepared before hand, so those new at industrial arts, build theirs early in the year. Older boys made such articles as end tables, desks, lamps, and book racks. The shop was always a busy place and the buzz of a saw and the smell of paint and turpentine reminded us as we passed by, that many happy hours were being spent in doing things worth while.

Home Arts

The five year course in Junior and Senior Home Economics is designed to help the girls develop the ability to handle home activities and personal problems.

Selection and care of clothing and home furnishings are found to be as important as learning to sew. Personal grooming and health habits are taught to help the girls be more attractive individuals. Studies in Child Care, Home and Family Living, and numerous others are added to the cooking and sewing offered when "Domestic Science" was first introduced in schools.

Foods units emphasize marketing and nutrition. Girls learn to feed their families well balanced attractive meals at low cost. Boys also participate in these activities through organization of chef classes.

Some high-lights of the year are the meals served to guests at the end of foods units, field trips to places of interest in town, and a style show of all garments constructed in classes, given for the high school assembly and at a public invitation showing.

Fine Arts

He who looks at a work of art sees through the eyes of another person. Those who saw the block print Christmas cards, the stained glass window designs, colored chalk work, and charcoal drawings turned out by Miss Grebler's young artists saw through their eyes and liked it. The finger painting designs by the beginning and advanced art students displayed vivid imagination. Of the numerous posters made by the art department, the spatter ink prom posters, and entries for the dental poster contest were especially attractive.

Mechanical drawing students Heinz Maslon and Donald North are hard at work (top picture). Middle left shows a group from Miss Foeller's sophomore sewing class. Center right shows Lorraine Burke, William Weitland and Carl Steiner in advanced art class. Barbara May looks on in the tiny lower picture while Vernon Hillger, Leland Thomas, Calvin Hintz, Arthur Steinhardt, Harald Pfrang, Harry Strobel, Buddy Ladwig, Billy Krueger, (with rolling pin), Steve Galbari, and Merlin Schwaller make cookies.

Home Economics Club

The Home Economics club is a busy organization. One division did the make-up for the play, *The Night of January* 16. The foods group presented demonstrations of the preparation of a dinner and of baking cookies. A hassock was made by the interior decorating group from a cheese box and a few yards of cloth. The handy craft group made yarn pins, bracelets, and other novelties. Sewing of all kinds was done in the sewing group. Completed projects were displayed in show window of the home economics room.

Special meetings were held by each division in addition to the regular monthly meetings of the entire club. For each meeting attended the member received two points and for the regular meeting three points. Points are also earned when a project is completed. Each member must earn one hundred points for each six weeks period or she is asked to resign. This club is affiliated with the state organization which sends the branch clubs monthly bulletins.

Aviation Club

Nineteen air-minded boys held meetings and discussed future possibilities for an aviation club early in 1938. They organized and elected the following officers: President, Arthur Kachur; Vice-President, Ben Harper; Secretary, Jerome Eigenberger; Treasurer, Charles Steinhardt; Adviser, Mr. Draeger. They have discovered that model airplane building not only affords them a pleasant pastime at present, but that it may in the future earn them awards and scholarships in various aviation schools.

American History

"I believe in the United States as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one inseparable; established upon these principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. . . . . "

The study of contributions of the founders of United States and the development of interests in historical readings are important steps in making intelligent citizens, and are the main objectives of the American History course.

Geography

"All the world's a stage and all the men and women merely players," is as true to-day as in the days of Shakespeare. The drama of the world can be best understood by those who have studied the plot, scenes, stage setting and the players. Geography, the technical name of world drama, is concerned with a study of the stage as it is set with differing natural resources, climatic conditions and political and economic units and with the men and women of various races, religions, and nations who play the parts in the plot of life.

Citizenship

Citizenship provides an introduction to the structure of various types of government, and develops an understanding of the problems of others through the study of world affairs.

College Club

The College Club functioned under the supervision of Miss Isserstedt and the presidency of Bernice Torke. The purpose of the club is to discuss various colleges as to rating, expense, courses, entrance requirements, and location.

Current History Club

Members of the Current History Club lead the meetings in informal discussions of the international problems of the day. At the February meeting the club entertained Ripon College debaters who presented a demonstration debate on "Government Spending vs. Economy."

Physical Education

Boys

The aim of physical education is to develop through natural total-body activities, primarily on the play level, the physically, mentally, and socially integrated individual. This is done in three ways.

First, through gym classes which offer instruction and practice. Second, interscholastic athletics, the purpose of which is to give the highly trained and coordinated individual an opportunity to participate on his own level. The sports offered are football, basketball, track, tennis, and golf. The latter two were added this year. Third, intra-mural athletics, which gives everyone an opportunity to be active in such sports as touch football, basketball, track, volleyball, tennis and golf.

The main objective of physical education work is HEALTH. Instructors try to establish health habits and to develop interest and prowess in various forms of physical activity which contribute to the development of an efficient, healthy, and vigorous body.

Girls

Under the direction of Miss Doris Braaten the promotion of general good health is emphasized. The girls have the opportunity to learn fair play and good sportmanship in playing soccer, basketball, volleyball, and baseball Folk dances and rhythmic games help them to develop poise and grace.

Hail to Our Conquering Heroes

Coach Stahl issued football suits to 25 boys only two weeks before the opening game of the season, played on Sept. 23 with North Fond du Lac. As only two regular players were back, the prospects of a championship team were not very bright, but with the late entries, which increased the squad to 40, the Panthers were able to win their first game 13 to 0.

Port Washington was next on the schedule, Oct. 1. The first quarter ended with Plymouth on the tail end of the score 13 to 0. The rest of the game was a closely fought, evenly matched battle with Port winning 19 to 0. The third game was away from home: at Mayville on Oct. 7. Mayville's team, which went through the season undefeated, trounced Plymouth 47 to 0. On Oct. 21, the Panthers traveled to Kiel for their first conference game. Plymouth scored a touchdown in the first few minutes of play. It looked like a victory for Plymouth, but the game ended 19-6 in favor of Kiel. Oct. 28 brought together traditional rivals, Chilton and Plymouth, on the occasion of Plymouth's homecoming. The Panthers showed they could play football by defeating Chilton 13-6. The Panthers concluded the 1938 season with Waupun at Waupun. The game was a hard one to lose and was lost by the close score of 7-6.

Hail, Hail to Plymouth High

Jack Larson, a senior, played his usual stellar game this year. He broke through for scoring shots, but the ball didn't seem to have "old lady Luck" for him. Jack will be hard to replace next season. Good luck, Jack.

Although Victor Kastelic was handicapped by a back injury he showed that he could control his share of the rebounds. At the close of the season "Vic" was voted captain. He will certainly be missed. Good luck, Vic.

Leland Thomas, a senior, had the spark and zip that did much to keep the Panthers' spirit up when things looked darkest. Short but fast, Tommy kept up with the best of them. A shoulder injury received during the Valders game put him out for part of the season, but he returned at the end to play his usual brand of ball.

Elmer Versch, a senior, came into his own this year as a forward. Elmer's uncanny ability to break up the opponents' defense was his claim for recognition. Best wishes, Elmer.

Leading the Rest

Robert Bohnsack showed great promise for his first year with the squad and played real ball when called upon. His showing in practice proved that he can play with any man's club.

Steve Galbari, whose amazing long shots had everyone on the edge of his seat, will be back again, luckily. His playing was beautiful to watch. Keep it up, Steve.

Walter Ladewig showed considerable promise during his first year with the team Bud showed great ability to get in under the basket and sneak in a shot. He will be back next year to help carry the load for the Panthers.

Merlin Nelson broke into the Panthers' line-up this year as a Sophomore. His height and uncanny ability to put in hook shots earned him a place with the starters. Nels will be greatly depended upon for the success of next year's team.

Walter Lautenbach, Panther high scoring center, copped his second individual scoring championship and will be back firing away at the hoop for another season.

Carl Steiner, a senior, played "heads up" ball when called upon. Carl's ability and height will undoubtedly fit in with any club. Good luck, Carl.

Intra-Murals

With the Sophomores victors in the basketball championship, and the volley-ball title copped by the Juniors after a great battle with the graduating class, the high school boys' intra-mural year was an active one. Interest and enthusiasm ran high at all times and the board members reported a fine turnout.

Primarily organized for the purpose of giving recreational activity for fellows not on varsity teams, the intra-mural group has been successful in every way.

Donald Wolff, senior, served as president of the intra-mural board of control with John Lorge as the organization secretary. The other board members were: Alfred Wehmeyer, Calvin Hintz, and Nyles Papendieck.

Golf Club

The Golf Club meets three times a month with Mr. Stahl as the adviser. The chief purpose of the club is to learn the correct way to swing a golf club and to develop an interest in the game.

Pep Club

The Pep Club boomed this year with Keith Fox, Robert Nehrling, James Burkhardt, and Clarence Zinkgraf as cheerleaders to stimulate student enthusiasm for football and basketball games.

The officers of the club were Robert Nehrling, president; John Lorge, secretary; and Alice Stiller, treasurer.

A major accomplishment of the club this year was a large homecoming celebration which worked up school enthusiasm and was climaxed by a gridiron victory. Home rooms worked for days preparing for the big parade. The band played, the football boys marched, and the floats with their "Down with Chilton" banners entertained the crowds on Mill Street. The first prize of two dollars for the best float was awarded to Miss Isserstedt's Home Room, 224.

Before the game, the annual bonfire and snake dance led by the cheerleaders and the pep band, was held.

The Homecoming game, Plymouth vs. Chilton, was held on the night of October 28th. The boys worked hard and made it Plymouth's game with a score of 12 to 7.

Last of all was the dance which was led by the Homecoming king, Victor Kastelic and his queen, Meta Buuck.

Girls' Athletic Association

The major activity of the G. A. A. this year was basketball. With Miss Braaten's assistance, Polly Gilman, the head of sports, assisted by Virginia Meyer, made out the schedule for practice and tournament games. The games were played Tuesday and Thursday noons and Friday after school. Team 1, the Greased Lightnings, was captained by Betty Jean Meyer; Team 2, the Mourners, by Edith Odekirk; Team 3, the Cobras, by Margery Schultz; and Team 4, the Silver Streaks, by Jean Larson. Team 4 streaked to victory by winning 3 games and losing 0. The Cobras came in second, winning 2 games and losing 1. The Mourners received third place, winning 1 and loosing 2. The Greased Lightnings must have been out of grease, for they lost all their games. The winning team played the faculty team, made up of Miss Braaten, Miss Huff, Miss Espenshade, Miss Simnicht, Miss Brown, and Miss Petters. This game was a sad one for the Silver Streaks. The faculty won by a large margin. The game wound up the season for the girls.

The volleyball season was next in line. Edith Odekirk was chosen head of sports. Following the volleyball season came baseball headed by Beatrice Meerstein.

The purpose of the G. A. A. is to get girls interested in athletic activities. There are no dues, thus making it open to everyone. Each member must come out for at least one sport or she is dropped from the club.

The club has a point system by which each member has an opportunity to earn a letter. Ten points are given for coming out for the sport, 90 points for getting on the team, 25 points for being captain, 25 points for being timekeeper, scorekeeper, referee or umpire. Not only has a member an opportunity to earn points in school, but also outside of school. Sports such as hiking, bicycling, roller skating, ice skating, etc. are included in the point system. Two points an hour are given for participation in each sport. To earn a letter a member must have 1800 points. These points are to be earned during the four years of high school. Points earned while in the Jr. G. A. A. cannot be carried over into the senior association.

Dear Enola, Here's wishing you a sweet future and success. Lyla D.
